Product Identity Declaration

Dear Madam, Sir,

As a responsible and pro-active company, Signify is committed to supply products that are designed and tested according to internal performance and quality criteria.

With these terms Signify declares that the two below mentioned TD-dimmable indoor linear LED driver types, which are mentioned in the Test Reports (see table for their reference), are models *each* based upon identical hardware design of their corresponding base model. Type differentiation is based upon mere firmware version upgrade.

In table below for each of the two new drivers concerned the base model used is mentioned: driver naming is identical, whereas the new models with firmware update have new 12ncs:

Type of Equipment:	TD-dimmable indoor linear LED-drivers		
Description:	Two models: one 100W iXt TD, the other 150W iXt TD		
Tested model No:	New model	Identical naming of model	≡ base model
	9290 016 85606	Xitanium 100W 0.15-0.5A 300V iXt TD 230V	≡ 9290 015 16406
	9290 016 85706	Xitanium 150W 0.2-0.7A 300V iXt TD 230V	≡ 9290 015 16506
Test Report Ref (of base models):	<ul style="list-style-type: none"> DEKRA: CB, ENEC, TRFs Safety and Performance per DEKRA project number: 9290 015 16406 and 9290 015 16506: → ENEC: 71-105819 CB: NL 54628 TRF Safety/Performance: 2230591 (combined certification) CCC: per CQC Certificate number (Piła / Fideltronik / Flextronics): 9290 015 16406 and 9290 015 16506: → 2016011002920662 / 2016011002918327 / 2016011002920661 (combined certification) KC/EAC/UA: per respective certificates of base models 		

IMPORTANT:

This Product Identity Declaration also holds for EMC, ECO-design and RoHS/REACH evaluations done on each base model, as the firmware update in the new models will not have any effect on any of these items.

Yours sincerely,

G. Sweepers
