# CertaDrive Mini G3

## CertaDrive 34W/m 0.8A 42V 230V

9290 034 34080

#### Affordable and reliable LED Drivers

Affordable LED Driver range offering Philips reliability. The CertaDrive range is compatible with CoB and mid-power LEDs from any LED manufacturer.

#### Benefits

- Driver design based on Philips experience and knowledge of lighting
- Various power wattage drivers for different applications
- Very small size which is easy to be designed into luminaires
- High reliability design proved by G1/G2

#### **Features**

- Great EMI performance suitable for different luminaire
- Low ripple current less than 4%
- 30,000 hours lifetime

#### **Application**

- Public buildings (airports, cinemas, theaters, exhibition halls)
- Retail (supermarkets, shops)
- Office

#### **Electrical input data**

| Specification item          | Value  | Unit            | Condition   |
|-----------------------------|--------|-----------------|---|
| Rated input voltage range   | 220240 | V <sub>ac</sub> | Performance range                                     |
| Rated input voltage         | 230    | V <sub>ac</sub> |   |
| Rated input frequency range | 5060   | Hz              | Performance range                                     |
| Rated input current         | 0.18   | A               | @ rated output power @ rated input voltage            |
| Rated input power           | 38     | W               | @ rated output power @ rated input voltage            |
| Minimum Power factor        | 0.96   |                 | @ rated output power @ rated input voltage            |
| Total harmonic distortion   | 20     | %               | @ rated output power @ rated input voltage            |
| Efficiency                  | 88     | %               | @ rated output power @ rated input voltage @max. Uout |
| Input voltage AC range      | 202254 | V <sub>ac</sub> | Operational range                                     |
| Input frequency AC range    | 47.563 | Hz              | Operational range                                     |
| Isolation input to output   | SELV   |                 |   |

## **Electrical output data**

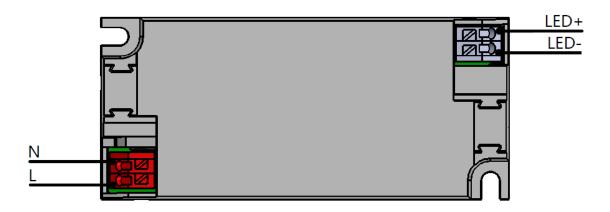

| Specification item         | Value            | Unit            | Condition                       |
|----------------------------|------------------|-----------------|---------------------------------|
| Regulation method          | Constant Current |                 |                                 |
| Output voltage             | 3042             | V <sub>dc</sub> |                                 |
| Output voltage max.        | 60               | V               | Maximum output voltage (rms)    |
| Output current             | 0.8              | А               |                                 |
| Output current tolerance ± | 8                | %               | @full load                      |
| Output current ripple LF   | ≤ 4              | %               | Ripple = peak / average, < 3kHz |
| Output current ripple HF   | ≤ 15             | %               | Ripple = peak / average, > 3kHz |
| Output P <sub>st</sub> LM  | ≤ 0.1            |                 | In entire operating window      |
| Output SVM                 | ≤ 0.1            |                 | In entire operating window      |
| Output power               | 2434             | w               |                                 |

#### Electrical data controls input

| Specification item | Value | Unit | Condition |
|--------------------|-------|------|-----------|
| Control method     | Fixed |      |           |

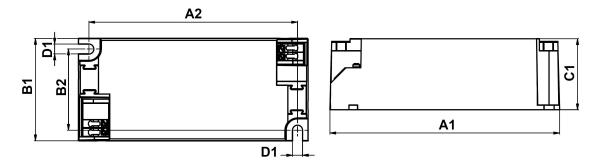

# Wiring and Connections

| Specification item        | Value         | Unit                  | Туре   |
|---------------------------|---------------|-----------------------|--|
| Input wire cross-section  | 0.51.5 / 2016 | mm <sup>2</sup> / AWG | Type 250, solid / stranded wire                      |
| Input wire strip length   | 89            | mm                    |  |
| Output wire cross-section | 0.51.5 / 2016 | mm <sup>2</sup> / AWG | Type 250, solid / stranded wire                      |
| Output wire strip length  | 89            | mm                    |  |
| Maximum cable length      | 0.3           | m                     | Total length of wiring including LED module, one way |

# Dimensions and weight

|                             | ı     | 1    |                |
|-----------------------------|-------|------|----------------|
| Specification item          | Value | Unit | Tolerance (mm) |
| Length (A1)                 | 97.2  | mm   |                |
| Mounting hole distance (A2) | 88.3  | mm   |                |
| Width (B1)                  | 43.2  | mm   |                |
| Width (B2)                  | 34.3  | mm   |                |
| Height (C1)                 | 30    | mm   |                |
| Mounting hole diameter (D1) | 4.2   | mm   |                |
| Weight                      | 91    | gram |                |
| Housing color               | Gray  |      |                |

#### Logistical data

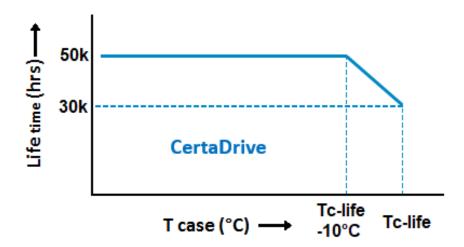

| Specification item | Value                          |
|--------------------|--------------------------------|
| Product name       | CertaDrive 34W/m 0.8A 42V 230V |
| Logistic code 12NC | 9290 034 34080                 |
| Pieces per box     | 40                             |

## Operational temperatures and humidity

|                             | 1      | 1    |  |
|-----------------------------|--------|------|--|
| Specification item          | Value  | Unit | Condition  |
| Ambient temperature         | -20+50 | °C   | Higher ambient temperature allowed as long as Tcase-max is not |
|                             |        |      | exceeded   |
| Tcase-max                   | 80     | °C   | Maximum temperature measured at Tcase-point                    |
| Tcase-life                  | 70     | °C   | Measured at Tcase-point measured at Tc-point                   |
| Maximum housing temperature | 130    | °C   | In case of a failure, inherent by design                       |
| Relative humidity           | 1090   | %    | Non-condensing   |

#### Lifetime

| Specification item | Value  | Unit  | Condition  |
|--------------------|--------|-------|--|
| Driver lifetime    | 30,000 | hours | Measured temperature at Tcase-point is Tcase-life. Maximum |
|                    |        |       | failures = 10%   |
| Driver lifetime    | 50,000 | hours | Measured temperature at Tcase-point is Tcase-life -10°C.   |
|                    |        |       | Maximum failures = 10%                                     |

## Storage temperature and humidity

| Specification item  | Value  | Unit | Condition      |
|---------------------|--------|------|----------------|
| Ambient temperature | -25+85 | °C   |                |
| Relative humidity   | 595    | %    | Non-condensing |

#### **Programmable features**

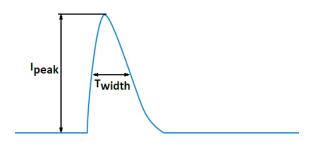

| Specification item                      | Available | Default setting | Condition |
|---|-----------|-----------------|-----------|
| Set Adjustable Output Current (AOC)     | No        | 800 mA          |           |
| LED Module Temperature Protection (MTP) | No        |                 |           |
| Adjustable Light Output (ALO)           | No        |                 |           |
| Constant Light Output (CLO)             | No        |                 |           |
| Corridor Mode                           | No        |                 |           |
| DC emergency (DCemDim)                  | No        |                 |           |
| Energy metering (DALI part 252)         | No        |                 |           |
| Diagnostics                             | No        |                 |           |

#### **Features**

| Specification item                          | Value | Condition            |
|---|-------|----------------------|
| Open load protection                        | Yes   | Automatic recovering |
| Short circuit protection                    | Yes   | Automatic recovering |
| Over power protection                       | Yes   | Automatic recovering |
| Hot wiring                                  | No    |                      |
| Suitable for fixtures with protection class | II    | per IEC60598         |

## Inrush current

| Specification item       | Value | Unit | Condition                                   |
|--------------------------|-------|------|---|
| Inrush current           | 24.2  | A    | Input voltage 230V                          |
| Inrush peak width        | 109   | μs   | Input voltage 230 V, measured at 50% height |
| Drivers / MCB 16A type B | ≤ 45  | pcs  | Indicative value at 230V                    |

Please refer to the driver design in guide if you use other MCB-types.

#### Driver touch current / protective conductor current / earth leakage current

| Specification item                    | Value | Unit    | Condition   |
|---------------------------------------|-------|---------|---|
| Typical Touch Current (ins. Class II) | 0.7   | mA peak | Acc. IEC61347-1. LED module contribution not included |

## Surge immunity

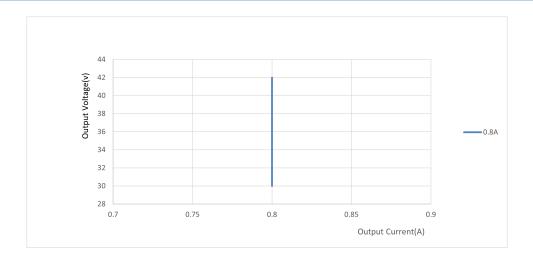

| Specification item                | Value | Unit | Condition                                   |
|-----------------------------------|-------|------|---|
| Mains surge immunity (diff. mode) | 1     | kV   | Acc. IEC61000-4-5. 2 Ohm, 1.2/50us, 8/20us  |
| Mains surge immunity (comm. mode) | 2     | kV   | Acc. IEC61000-4-5. 12 Ohm, 1.2/50us, 8/20us |

#### **Application Info**

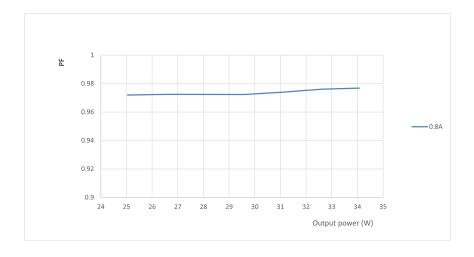

| Specification item                     | Value                               |
|--|-------------------------------------|
| Approval marks and Certifications      | CCC / CE / ENEC / RCM / TISI / UKCA |
| Ingress Protection classification (IP) | 20                                  |
| Application                            | Indoor Point                        |
| Mounting Type                          | Built-in                            |
